

Wilderness

I've had my way with a few wild women. I've even tamed a few.

That's quite the claim, Jon said.

I sincerely regret it. As I've gotten older I've realized how unnatural and fucking needy it was of me to have to do that.

Why did you do it?

Well, obviously I was grasping at some sense of security in the relationship.

And what... Jon asked. Now you've learned to live with their wilderness?

Oh no, I just avoid relationships completely.
